

PAPER SUBMISSION

Login to your account. In the main menu choose PAPERS and under that SUBMIT.

1. Fill information to all fields:

- insert title of the paper
- add keywords for the paper
- special request (if any)
- presentation mode (oral, poster, either)

Press CONTINUE

2. Insert Author information:

- first name
- last name
- organization
- country
- position
- email

Press ADD AUTHOR

You can add as many authors as you like at this point. When you have finished press CONTINUE.

3. Paper content:

- insert abstract (copy text to the field)
- press BROWSE to search the paper from your hard drive. Press CONTINUE.

You get another screen with the paper information, just press FINISH SUBMISSION button.

(if the paper information is wrong and you like to edit it press EDIT ABSTRACT & CONTENT)

After successful submission, you get this confirmation.

Successful Submission

Your paper :

Testi

has been saved successfully.

Click [here](#) to continue.

REASONS WHY PAPER SUBMISSION MIGHT FAIL

- Internet connection is not working
- Abstract should be in right format: DOC, DVI, PDF or PS
- Paper size should be below the limit (4 MB)
- Fill ALL the fields when submitting the paper

The system has been tested in several platforms (Windows, Linux, Mac) and several browsers. In case of problems, please send an email to us.
